HONOR SERVICE AWARD HOURS 2015-2016

As people of faith, our greatest responsibility is to love one another as God loves us. The people we are to love go beyond our family and friends, to the wider community. We are to love because every person has been given life by God and is made in the image and likeness of God. Loving is more than just a thought or feeling; it involves action, especially with those who most need our help. Our service comes in a variety of forms: from helping the hungry, to babysitting so that a neighbor might have a break, to bringing the newspaper to the door for an elderly neighbor, and even performing an essential service at school. Please use this form as you fulfill your Honor Service Award hours.
